ted 2 2015 720p blu ray x264 dual audio english Dear Sirs, as you all may know I am a video editor and I would like to improve my skills in shooting movies/films. So, I am going to shoot the full length movie as a documentary about how to shoot a movie/film in a studio for my local school. So, I want to learn both a bit different techniques for filming and post-production like color grading, tone/shadow mapping, and so on. So, I would really like to get your help and advice.
